

# Green Bins

No More Sorting!

Recycling is  
mandatory, and  
now it's as easy as:

1. Get your Green Bin.
2. Collect your paper, glass, plastic and aluminum.
3. Put your Green Bin out for Wednesday pick up.
4. Smile! You've kept trash out of the Brandywine Creek **AND** out of a landfill!

## How to get your Green Bin

The Borough has ordered 25-gallon containers which will be distributed to each residential property owner. Owners of rental properties must contact the municipality to request a container and sign for the same. If the resident is found to not be recycling, that property owner will receive a citation.
