

IMPORTANT ANNOUNCEMENT

MAY, 2020

Governor Wolf's budget proposal to increase trash taxes by \$1 per ton will hurt your wallet and Pennsylvania's economy as we work to restart it.

Trash collection and disposal are essential services to keeping our communities safe and clean. We are proud of the role that Eagle Disposal and our employees have played to protect public health and maintain the state's essential infrastructure during COVID-19.

Now is not the time to raise the cost of waste disposal as our citizens, businesses, and state and municipal governments struggle to survive the economic fallout from COVID-19.

Pennsylvania's state fees for disposal of waste are already more than 30% higher than every other state in the mid-Atlantic region.

Enough!

Please contact your state representative and senator today and tell them to say "NO" to new taxes on essential services.

Eagle Disposal of PA, Inc.
